EDUCATIONAL QUALIFICATIONS:

PhD (**Educational Administration**), **Islamic Azad University, Science and Research Branch, Tehran Iran-2021 (September, 15th)*.**

MSc (**Geography**), **University of Tehran, Tehran, Iran- 2009**

BE degree (**Mining eng.**), **Islamic Azad University, Lahijan Branch, Gilan Province, Iran -2000**

** Prior to his doctoral work, he taught a master degree classroom on geotourism and ecotourism at the faculty of Tourism Sciences in the University of Science and Culture in Tehran for one decade. Specifically, his PhD work examines how geo-informal environments such as geoparks can draw upon adult and children's multiple geology funds of knowledge (e.g., their conservational thinking) and Conservational management through geo-interpretation management to support geological and environmental conservation and sustainability in tourism industry. He could develop a Conceptual Model for Heritage Interpretation in the Geoparks based on Authentic Methods in the World.*

PRIZES/AWARDS:

¹ https://en.wikipedia.org/wiki/University_of_Science_and_Culture

- The recipient of the geotourism honorary guide card by the order of the Deputy Minister of Cultural Heritage, Tourism and Handicrafts due to the design and executing of the first geotour guides training courses of Iran. Issue DATE: 7th Nov., 2021.
- Winner of the first ranked of the Hadid Prize of the Iranian Mining Engineering Organization to the book of Geotourism Industry in the 21st Century. Issue DATE: 01 Nov. 2021
- Winner of the second scientific award of Professor Mohammad-Hassan Ganji – the Faculty of Geography, University of Tehran [For authoring and translating the brilliant books in geography and related fields] - Issue DATE: 21th April 2012.
- Winner of Allameh Jafari Special Award for the best work of the second Allameh Jafari Special Award Festival (RA) for the book: Geotourism Industry in the 21st Century: Issue DATE: 23 Oct. 2019.
- Winner of a full grant from Japanese APO expert side ((Asian Productivity Organization))to participate in an intensive course as Iranian delegate on: 'Ecotourism management and planning' with aim to promote it in Iran. in 2013.
- Winner of Full Travel & Accommodation Grant and Conference costs in New Delhi, India to Present a Geotourism Paper at the 36th International Geological Congress (36 IGC) in 2020 (from Indian government side) –Unfortunately due to the covid-19 outbreak, the congress has been suspended and then attending in person were cancelled.
- Receive a grant from the Aras Free Zone organization in Iran to participate in an intensive training courses at the University of Minho in Portugal, and in return, help to promote geotourism in the Geopark being established in that Aras Free Zone - 9th-13th Sep., 2009

RESEARCH PROJECTS

1. Determination of suitable area for geopark establishment around Takht-e Soleyman World Heritage site in Northwest of Iran;

Type of activity in the project: As a project manager in the university and as a consultant of the research project of the Geological Survey of Iran (2013-2014) Project Code 92-187-721.

2. Compilation of the first strategic documents of Homa Hotels Group via BSC-SWOT method.

Type of activity in the project: Responsible for research and authoring the account for Managing Director of the Homa Hotels Group (2015)

3. Presenting a geo-interpretation model for UNESCO Global Geoparks (Exploiting via qualitative method) in 2021

4. **Doctoral thesis topic:**

Developing an Educational Model for Geotourism Management in Geoparks, the Case of Qeshm Island UNESCO Global Geopark of Iran. (Successfully defended in 2021)

5. **Topic of MSc thesis:**

Nomination of Suitable Area for Geopark and Geotourism development in Jolfa and Varzeghan Regions

Doctoral Students informally Co-Supervised (2011-2014):

Abdolmajid AHMADI (University of Isfahan), Isfahan, Iran

Saeedeh FAKHARI (Kharazmi University), Tehran, Iran

Students Supervised: Masters (Advisor and/or Thesis Director)(2010-2020):

Mercede SHAVANDDASHT (Allameh Tabataba'i University), Tehran, Iran

Azar MOHAMMADI -ARAGH (University of Science and Culture), Tehran, Iran

Samaneh TAVASOLI (University of Science and Culture), Tehran, Iran

Elaheh HEYDARI- BROUJENI (University of Science and Culture), Tehran, Iran

Nooshin AGHAND (University of Science and Culture), Tehran, Iran

Neda KHAKI (University of Science and Culture), Tehran, Iran

Fatemeh FARAHANI (University of Science and Culture), Tehran, Iran

Fatemeh MORADI (University of Science and Culture), Tehran, Iran
